

## COMMUNITY PARTNERSHIPS REQUESTS 24-25

SaskMusic is dedicated to developing the vibrant music community in Saskatchewan. We recognize the significance of live music performances and educational music programming in our province and occasionally offer support or partnerships to festivals, organizations, and presenters showcasing Saskatchewan music in their programming.

Examples of past partnerships include co-presenting music industry workshops, assisting with artist submissions and programming, promoting fundraising events for music charities, facilitating SaskMusic's participation as speakers at an event, and supporting events that promote underrepresented cultural groups or music genres.

**Stand-alone concerts, festivals, and artist tours are generally not eligible for support.**

Please note that SaskMusic is a non-profit organization and primarily provides non-monetary support. Financial assistance is extremely limited, and we encourage applicants to explore funding opportunities offered by provincial and federal agencies.

If you or your organization are interested in partnering with SaskMusic or seeking support for an event or initiative, please provide the following details:

- Times and location of the event
- Target audience
- Project outline
- Description of the type of involvement you'd like from SaskMusic
- Indication of how SaskMusic will be credited (e.g., signage, social media, verbal mentions)
- For financial requests: a sponsorship package with budget outline, indicating shortfall and dollar request. For projects where a financial contribution is approved, a final report will be required within 30 days following the event, including event description, attendance, budget summary, sponsor recognition, invoice, and photos suitable for publication.

SaskMusic supports projects that prioritize gender equity in curation and provide fair compensation to artists and speakers.

Proposals are considered on a case-by-case basis. We encourage you to send us an email of inquiry with a basic overview before preparing a proposal, well in advance of your event.
